

# Protect your Clients with Specialized PEO Services

Quote & Buy

**Brightly's PEO Continuity, C-19, Cyber and Compliance Services** provide a comprehensive toolkit of specialized resources, coverages, and business and cyber tools that enable your clients to manage and grow their businesses during C-19, while mitigating risks.

By bundling these services together, businesses are able to make a customized assessment of their risks, and develop and implement actionable and reliable plans to protect their businesses and clients from those risks.

From enhanced client data handling protocols, industry practices for remote workers, to C-19 prevention, enhanced cyber measures, response and restart resources, PEOs can better position their clients for sustainability and growth.

## Business Continuity Services

As the world continues to change rapidly in response to a pandemic, we're providing PEOs with continuity services to benefit you and your clients. We help businesses maintain brand continuity, relevance, and communication as well as evolve practices to adapt to a new socially-distant norm.

## COVID-19 Services

This global pandemic has fundamentally changed operating models around the world. Our COVID-19 Commercial and Personal services help PEO clients adapt to this new normal with unbiased and vetted information resources that support businesses with newly-remote workforces and operating models.

## Cyber Tools and Services

Today, PEO clients are at a particularly high-risk for cyber breach. Our comprehensive cyber services provide businesses with the ability to quickly assess risks, and our state-of-the-art tools enable them to achieve enhanced protocols, cyber tools, coverages and supporting services.

## Regulatory & Compliance Services

Regulatory and compliance standards are changing constantly. We keep our fingers on the pulse of changes coming from relevant regulations, including PPP, WISP and HR/Benefits changes, and provide simple and innovative solutions to facilitate small and medium enterprise compliance.

Experts estimate that 20% of small businesses will not survive the pandemic.

55% of employers expect to increase remote work options even after COVID-19.
