

# Protect your Business & Clients with Small Business Services

[Quote & Buy](#)

**Brightly's Small Business Cyber, Continuity, C-19 & Compliance Services** provides a comprehensive toolkit of specialized resources, coverages, and business and cyber tools that enable SMEs to manage and grow their businesses during C-19, while mitigating risks.

By bundling these services together, businesses are able to make a customized assessment of their risks, and develop and implement actionable and reliable plans to protect their businesses and clients from those risks.

From enhanced client data handling protocols, industry practices for remote workers, to C-19 prevention, enhanced cyber measures, response and restart resources, SMEs can better position for sustainability and growth during pandemic.

## COVID-19 Services

This global pandemic has fundamentally changed operating models around the world. Our COVID-19 Commercial and Personal services help SMEs adapt to this new normal with unbiased and vetted information resources that support businesses with newly-remote workforces and operating models.

## Cyber Tools and Services

**Today, small businesses are at a particularly high-risk for cyber breach.** Our comprehensive cyber services provide businesses with the ability to quickly assess risks, and our state-of-the-art tools enable them to achieve enhanced protocols, cyber tools, coverages and supporting services.

## Business Continuity Services

As the world continues to change rapidly in response to a pandemic, we're providing SMEs with continuity services to benefit their businesses and clients. We help SMEs maintain brand continuity, relevance, and communication as well as evolve practices to adapt to a new socially-distant norm.

## Regulatory & Compliance Services

Regulatory and compliance standards are changing constantly. We keep our fingers on the pulse of changes coming from relevant regulations, including PPP, WISP and HR/Benefits changes, and provide simple and innovative solutions to facilitate small and mid-size enterprise compliance.

Experts estimate 20% of small businesses will not survive the pandemic

55% of employers expect to increase remote work options even after COVID-19
