

# Specialized Protection Services for Teachers

[Quote & Buy](#)

## Why Does You Need Services and Protections for Teachers?

Teachers dedicate themselves to educating our children. Now it's our turn to help them and their families. Brightly's Teacher Family Protection Services allow you to build member trust, distinguish your offerings, and increase your revenue and member retention. Our service offerings can be bundled to create a broader insurance protection package for our teachers and their families.

We offer a full suite of comprehensive services focused on teachers to protect their family and their future — from natural disasters to family caregiver services to cyber security and protection.

## What Speciality Services are Included?

### COVID-19 Services

This global pandemic has fundamentally changed operating models around the world. Our COVID-19 services help teachers adapt to this new normal with unbiased and vetted information resources that support businesses and families.

### Family Caregiver Support Services

Every year, thousands of families incur physical and emotional costs when providing care for a family member. Our support services and resources help teachers manage these costs and stresses when someone becomes a full or part time caregiver to a loved one.

### Family Cyber Protection and Security

Teachers can suffer devastating losses from identity theft or a privacy breach to their home or family. We analyze your digital footprint to identify any weak links and help resolve threats. If a breach occurs, we offer urgent assistance, fraud resolution, document replacement, and more to help you recover quickly.

### Natural Disaster and Flood Preparedness

We assess the risk to teacher's properties for floods and natural disasters. We provide guidelines and tools to prepare for a possible disaster. If disaster strikes, we help you find safety in the immediate aftermath, and then help you and your family recover and resume quickly by organizing claims and paperwork.
