

PERSONAL CAREGIVING ADVOCACY

CAREGIVING RESOURCES FOR EVERY LIFE STAGE

The caregiver advocate is the first point of contact regarding problems that require the assistance of trained caregiving support experts.

Personal Caregiving Advocacy is an optional add-on resource that includes a suite of services intended to provide caregivers with one-on-one solutions for addressing the ongoing challenges of caring for a loved one. **Clients receive access to caregiving specialists who are experts in caregiver advocacy, fraud and financial abuse, estate settlement, and end-of-life assistance.**

- **Caregiver Advocacy:** The caregiver advocate acts as a trusted resource, providing the family caregiver with resources and guidance to support the daily care of a loved one.
- **Financial Fraud Advocacy:** Fraud specialists can assist family caregivers with critical document preparation and replacement, and will perform an exhaustive credit file review and resolution of any existing fraud.
- **Estate Settlement Assistance:** Personal specialists can facilitate spousal estate settlement including credit review, deceased's file suppression, searching for embedded life benefits, and death notifications to any relevant parties.
- **End of Life Assistance:** A personal caregiving advocate can help the caregiver locate resources that are consistent with the care recipient's end-of-life preferences while assisting with form preparation and navigating medical directives and identifying local hospice care.
